Note: the most accurate information regarding the dates and times of events will be on the calendar page of the Mayfield Vocal Music Website – www.mayfieldvocalmusic.org

Please check your calendars now and let me know if there are any conflicts with the above dates as soon as possible. Any missed concerts will be replaced with an alternative assignment; any unexcused absences will also result in a grade deduction.

Over the course of the year, students will gain fluency in:

- Reading music notation, both verbally and aurally.
- Identifying keys and solfege syllables.
- Performing varied choral literature with musicality and purpose.
- Interpreting literal and emotional content of repertoire.

Grading is based on a combination of class and concert participation and performance-based, written, and online assessments.

If there are any questions, please refer to the website, or feel free to send me an email at bfancher@mayfieldschools.org

Note: All concerts in MHS Auditorium could possibly be moved, postponed or cancelled based on the Auditorium's availability due to construction.

Looking forward to a fantastic year!

Brian Fancher
